ELECTRICAL PARTS PICTURE GUIDE

RECTIFIER REGULATORS

Who is JIMCO?

Since he began rebuilding voltage regulators over 25 years ago, James Grube has been filling a need in the automotive niche market. That's how JIMCO got its start.

Today JIMCO leads in the manufacture of specialized regulators and a growing line of solid state rectifier regulators and related components for small engines.

J5025

Replacement for

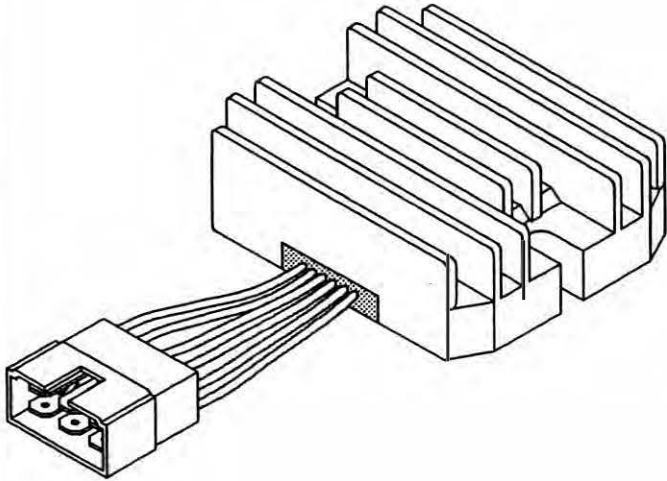

MASSEY FERGUSON

RS5107

as used on model 205-4 and other
compact tractors

JIMCO

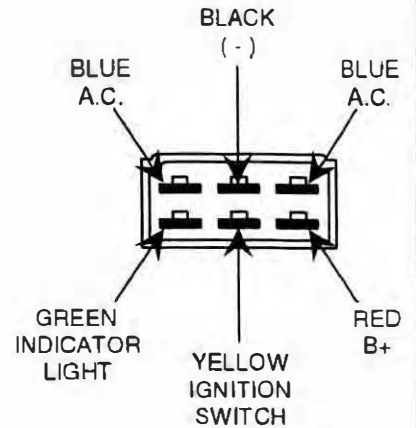

PART NUMBER
J5050

Replacement for

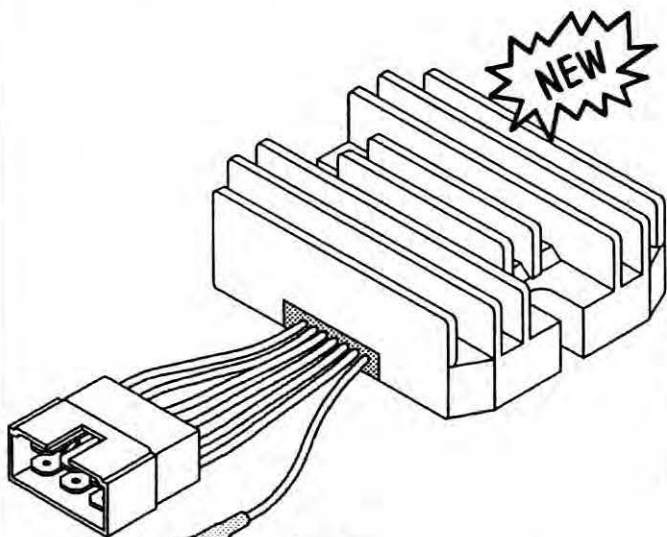

KUBOTA
RS5101, RS5155
15531-64601

GRASSHOPPER
185530

models 1822D, 718D, 721D, 721G

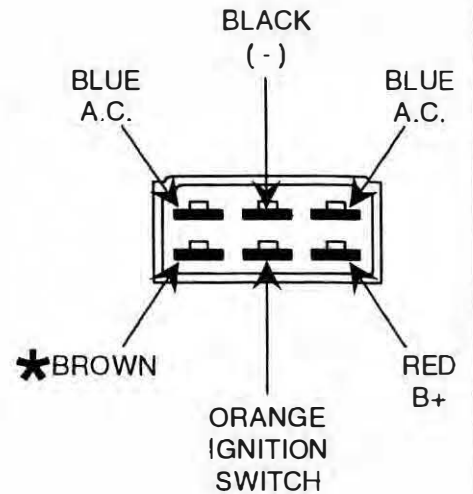

Used on lawn & garden, compact tractors and small industrial equipment with permanent magnet alternators with a "no charge" indicator light

PART NUMBER
J5055

Replacement for

KOKUSAN-DENKI
RS5121

NOTE:

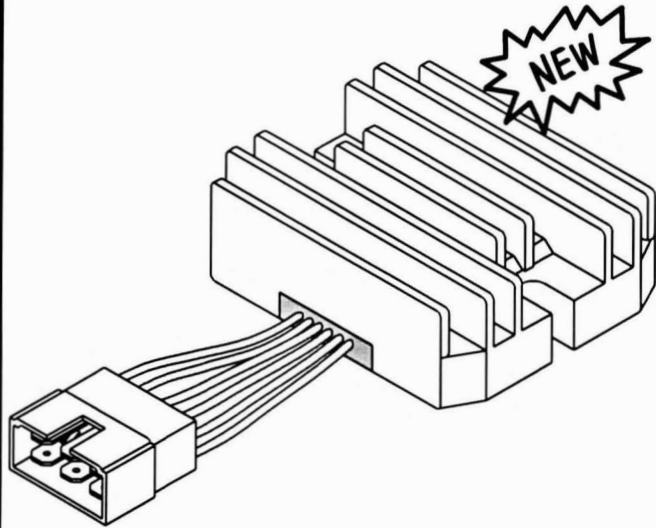

TERMINAL IS NOT AN INDICATOR LIGHT. IT IS A TERMINAL THAT BECOMES POSITIVE (+) WHEN ALTERNATOR IS CHARGING.

TERMINAL BECOMES NEGATIVE (-) THROUGH RECTIFIER (NOT GROUND) WHEN ALTERNATOR IS CHARGING.

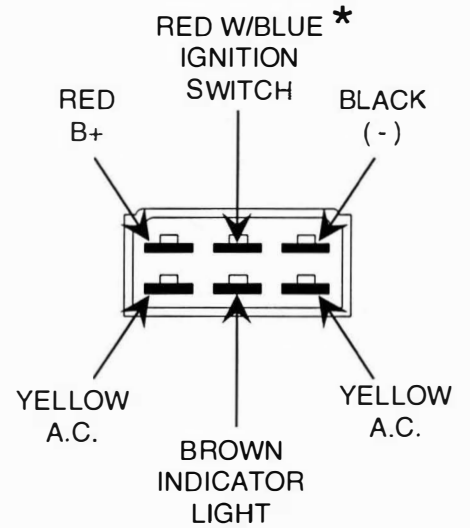

Used on compact tractors and industrial equipment with permanent magnet alternators. Regulator has 7th. wire.

JIMBO

HARNESS REPAIR CONNECTORS FOR RECTIFIER - REGULATORS

NOTE: Rectifier-regulator failure many times overloads and harms the harness connector.

C945

For **J5050** and **J5075** rectifier-regulators. Made with correctly color coded wires; POSITIVE and NEGATIVE wires are 14 ga. Includes butt connectors.

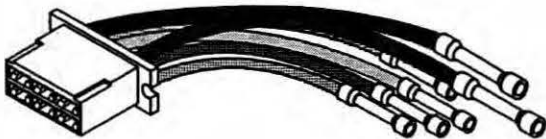

C150

For **J4175** rectifier-regulator. Made with color coded wires. Includes butt connectors.

C947

For **J4000**, **J4800** and **J4825** rectifier-regulators. Made with correctly color coded wires; POSITIVE and NEGATIVE wires are 14 ga. Includes butt connectors.

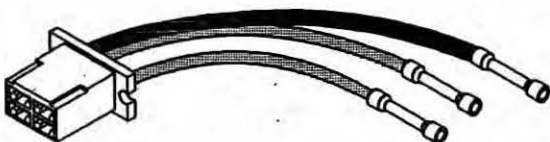

C325

For **J4720**, **J4300**, **J4350** and **J4400** rectifier-regulators. Made with color coded wires. Includes butt connectors.

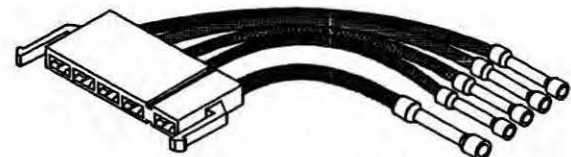

C965

For **J5025** rectifier-regulator. Made with correctly color coded wires; POSITIVE and NEGATIVE wires are 14 ga. Includes butt connectors.

C490

For **J4900** rectifier-regulator. Made with color coded wires. Includes butt connectors.

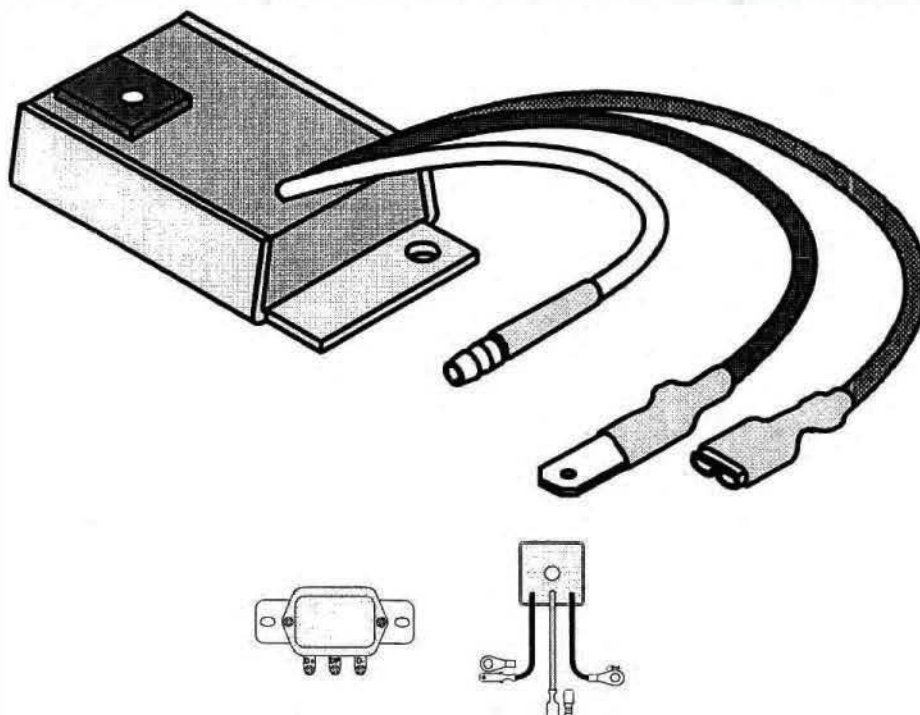

R960R

GOLF CART REGULATOR

Now **one** universal regulator to replace all
HITACHI "GOLF CART" STARTER/GENERATOR REGULATORS.

- Replaces **BOTH** mechanical and solid state versions.
- **Special circuitry prevents damage when operated in reverse (polarity reversal)!**
- 12 VOLT "A" CIRCUIT universal mounting.
- Terminal kit included for easy installation on the various configurations used by OEM.

Replaces **BOTH** mechanical and solid state versions.

Just ask for the "reversible" one!

The **R960R** universal "A" circuit regulator can be ordered from many distributors nation-wide or from **JIMCO** at 800-821-7137, by fax 816-331-1971 or e-mail to JIMCOINC@AOL.COM
